	Total expense per week		<u>5.32</u>
	Surplus per week		\$2.07
	Surplus per year	\$107.65.	

This estimated surplus would account for this girl having sent \$40. home to Russia and having \$50. in the Savings Bank. Notwithstanding the wages she is receiving it is obvious that this girl continues to live on about the minimum scale for food and lodging. Agent believes this girl could live on her present scale and clothe herself for a total of \$5.50 per week, but possibly the required amount would be \$6<sup>00</sup>. Girl is robust looking and says she is in good health.
