

Fort Woodbury July 20/62

My Dear Wife

I received your long and interesting letter of July 13th in due time. I thank you very much for it. I know it cost you a great effort, thus calmly to describe the death and burial of our child. I received a letter from Archie on Tuesday. Dated July 12. Kensington Vt. he was well and hoped that I might get a furlough to go home — Jane I am quite sick to day. I was taken with a severe attack of Cholera Morbus this morning. I think I will be all right in the morning. You must excuse me for not writing today. I will try and write to some of you the middle of the week. Give my love to all. — E. Perry
