My Dear Wife

I take this opportunity to inform you that that my health is about the same as when I last wrote. I begin to feel quite sanguine that I shall reach home in time to spend the fourth with you and my relations and friends, — If I did not think I would get better I would stay here for the present and draw my \$18⁰⁰ per month, but I have great hopes that a change of climate and some simple remedies will restore me to comparative good health.

It appears by your writing that Old Devel has not reformed any since I left. I think the

neighborhood will get to hot
for him if he does not let up
a little in his ugliness. it is
very unfortunate for the neigh-
borhood that his place is not
occupied by some white enter-
prising man. I have not a bit
of news to write. it is very quiet
here, very different from the
noise and bustle of the camp. —
We hear no camp gossip. have
no duty to do. consequently it seems
dull and time drags slowly away.
in camp a new story is started
at least every day and its merits
and demerits has to be discussed.

You must excuse
me for writing short letters
for I have not even as good
a chance as I had in camp.
it makes my back ache to sit without
anything lay against. Remember me
to all, — Truly Yours E. Penn
